

# PrecisionFlex™ HD Cassette

PrecisionFlex™ HD Cassettes are high-density cassette solutions for use with Sumitomo Electric Lightwave's PrecisionFlex™ High Density Patch Panels. Available with 1 MPO/MTP input port and up to 12 LC Duplex output ports with shuttered adapters, these aluminum-bodied cassettes provide excellent protection for this interconnect. Available in a variety of configurations, the PrecisionFlex™ HD Cassette provides for a simple and straightforward solution for high-density rack needs.

## FEATURES & BENEFITS

### 1. Compact & Durable Frame

- fits 4 cassettes across & 3 cassettes high per single-rack unit
- 144 LC per 1RU
- robust metal body

### 2. Shuttered Adapters

- no lost dust caps
- keeps bulkhead ferule clean

### 3. Quick Release Tabs

- makes installation & removal easier

### 4. Port Options

- handles both LC & SC connectors (Max. 12 LC & 6 SC)

### 5. Multiple Fiber Types

- handles multi-mode & single-mode; OM1, OM2, OM3, OM4, & OS1
